You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
In May 2012 we took the D-14-12 CP out of the Natural Series as one of the last 12string models. You can still order this guitar in the Lakewood Customshop.
