You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
Sungha Jung selected a classic spruce/rosewood combination for his signature guitar, thereby achieving powerful basses and a transparent, balanced sound which underscores his music. The body, fret board and headstock are decoratively bound in curly maple and his ingenious signature on the fret board is inlayed in rich mother of pearl. A cutaway and L. R. Baggs "Anthem" System complete this desirable instrument.
